

# Air Bear™ OEM-2 Air Filters

Low Cost / High Performance Honeywell® Compatible Replacement Air Filters

## Air Bear OEM-2 Filters

Koch Filter is happy to offer the Air Bear OEM-2. Known throughout the filtration industry, Air Bear delivers homeowners savings as well as quality filtration products that are durable and reliable.

The OEM-2 filter family are 4.375 inches deep and are compatible with 20x25 and 16x25 Honeywell branded F100 & F200 media air cleaners.

As a new product family, Air Bear OEM-2 Filters are not only offered at lower cost but also were designed to be high capacity in order to provide longer filter life. Higher pleat counts (20 pleats for the 20x25 & 15 for the 16x25) provide lower pressure drop, higher airflow and extended filter life.

Together these product attributes provide homeowners increased value without sacrificing performance or quality.

## FEATURES

Available in MERV 8, 11 and 13

High pleat counts provide low pressure drop

Extended filter life offer major value versus competitors

Heavy duty moisture resistant frame

Galvanized wire mesh provides strong media support

Ships in economic 2 pack cases
