

HE Plus

Electronic Whole-House Media Air Cleaner

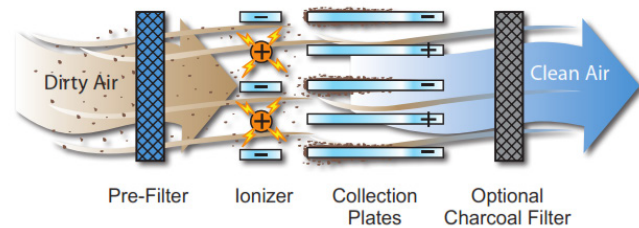

How The HE Plus Works

The HE Plus electronic house air cleaner uses a high voltage ionizer within the air cleaner that electrically charges airborne pollutants and particles.

A series of oppositely charged metal collection plates called electrostatic precipitators attract and captures microscopic particles, preventing them from being recirculated in the home. The HE Plus series offers high performance, efficiency, quiet operation and no filters to replace.

Electronic Air Cleaning Process

FEATURES

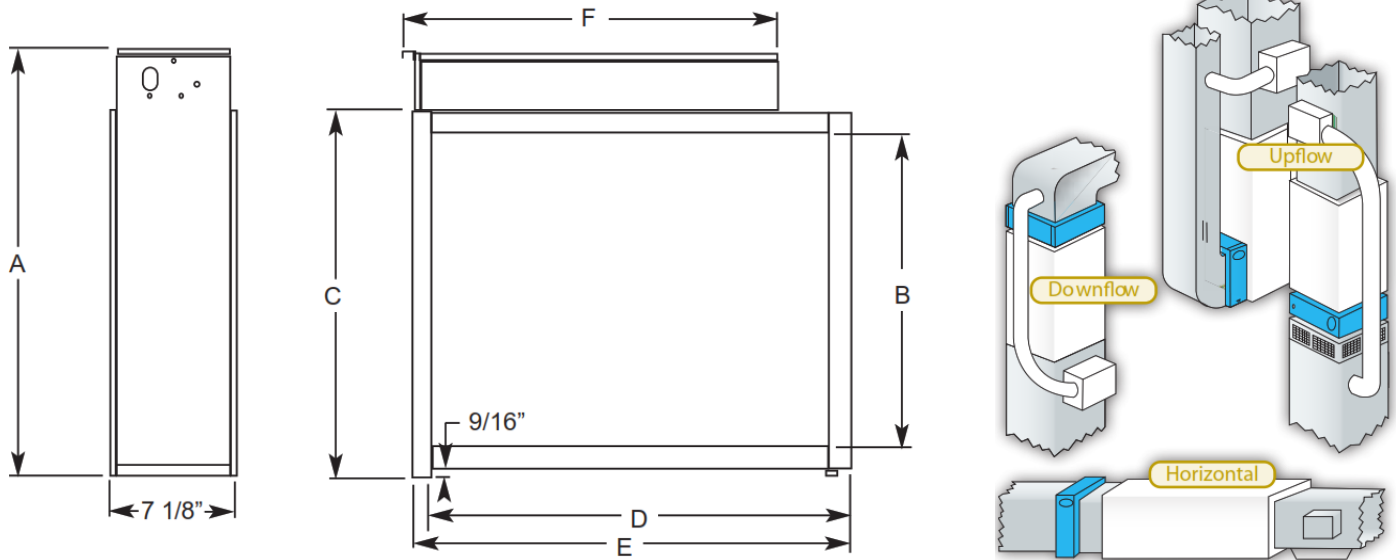

- Strong and reliable power supply
- Forever Filter never needs replacement
- Connects directly to all types of HVAC systems
- Washable aluminum collection cells
- Helps keep HVAC cooling coils clean
- Internal fuse protects from power supply failure
- Rugged cabinet construction

Performance

- Rated airflow up to 2000 CFM
- Tested in accordance to ANSI/ASHRAE 52.1
- Aluminum mesh pre-filter traps large particles such as dirt, lint and pet hair
- Minimal pressure drop: less than .02 W.G. at rated airflow

Warranty

- 5-year limited warranty on cabinet.

Model	HE PLUS 1400	HE PLUS 2000
Part No. (British White)	102-455600-125	102-455600-025
Rated Airflow	1400 CFM	2000 CFM
Shipping Weight	36 lbs.	42 lbs.
Cell Weight	(2) 10 lbs. each	(2) 12 lbs. each
Electrical Input	120V, 50Hz/60Hz, 1 ph 120V, 50Hz/60Hz, 1 ph	
Electrical Output	2.5 MADC	3.2 MADC
